We have some sound equipment we can provide for your wedding and/or reception. Please check with Arboretum staff to see if our equipment will meet your needs. If not, you will be responsible for securing and setting up the sound equipment you bring to the Arboretum. There are electrical outlets available in the Beckwith Pavilion and Jones Memorial Gazebo. The Iowa Arboretum is a rental facility only. We do not make the arrangements such as catering, flowers, decorations, etc.

If you have reserved the Arboretum for your reception, you will have access to the kitchen facilities which include a full size catering fridge. You are allowed to use the Arboretum's coffee makers. We do not allow the use of the Arboretum's dishes, silverware or table clothes. Please ask the wedding coordinator for a list of some of the local caterers who have worked here before.
